MUSIC MAKER SEEBURG ACCESSORIES

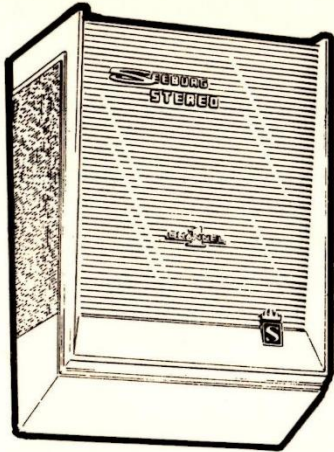

1

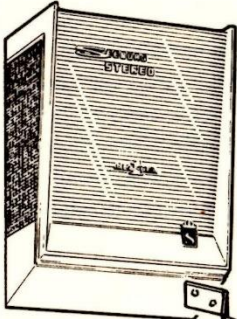

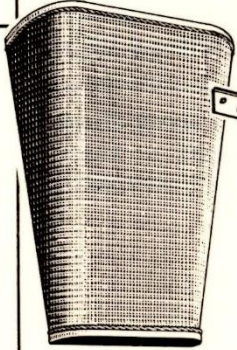

Cat. No.	Description and Part Number		Function
S.100	100 Selection WALL-O-MATIC Type 3W-100		The theatre-like showcase of this Remote Control Selection Unit displays the titles brilliantly, bringing the Phonograph 'nearer to the customer' thus attracting more play. Up to six units can be offered with each Phonograph without an additional power unit. <i>Specifications</i> Single pricing 3d., 6d. or 1/-. Measurements $12\frac{1}{2}'' \times 12\frac{1}{2}'' \times 6\frac{1}{4}''$. Weight 21 lbs. For use with Phonograph Model H100 Note:—Stepper unit (Cat. No. S.103) not required.
S.101	160 Selection WALL-O-MATIC Type S-3W160		Streamlined, strikingly attractive and remarkably compact these two Remote Control Selector Units fulfilling the same extra profit-making function as the Wall-o-Matic 100. Essential for use with the Hideaway model phonographs, these wall units can also be used to distinct advantage with the floor models listed. Up to six units can be offered with each Phonograph without an additional power unit. Note:—Stepper unit (Cat. No. S.103) required with all except Hideaway models. Single pricing unit 3d., 6d. or 1/-. Measurements $14\frac{7}{16}'' \times 12\frac{1}{4}'' \times 7\frac{1}{4}''$. Weight $31\frac{1}{2}$ lbs. For use with Phonograph Models Q160, AY160, AY160U, EHY160 and single pricing model 222D.
S.102	160 Selection WALL-O-MATIC Type D-3W160		Dual pricing unit 3d., 6d. or 1/-. Measurements $14\frac{7}{16}'' \times 12\frac{1}{4}'' \times 7\frac{1}{4}''$. Weight $29\frac{1}{2}$ lbs. For use with Dual pricing model 222D.

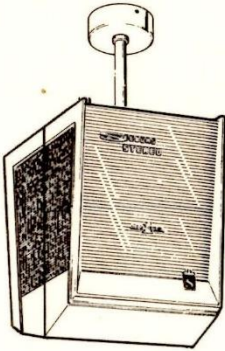

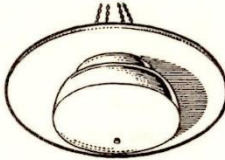

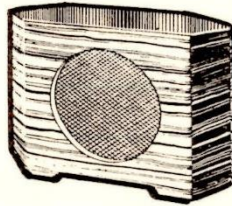

Cat. No.	Description and Part Number		Function
S.103	Remote control STEPPER UNIT Type RCSU2 Part No. 508500		An essential extra to bring Wall-o-Matics into use with Phonograph Models—Q160—AY160—AY160U—EHY160 and single pricing 222D. Provides power for up to six Wall-o-Matics.
S.104	33½ AUTO SPEED KIT Part No. 508480		Kit to equip 'Q' Models for intermixed use of 45 r.p.m. and 33½ r.p.m. 7" records.
	MICROPHONE PREAMPLIFIER SYSTEM		A valuable accessory ideal for paging, announcing or entertaining through phonograph sound system. Kit comprises microphone, pre-amplifier unit and power unit.
S.105	Type T.M.P.S. 2—56		Suitable for models 220—222D—Q100 and Q160.
S.106	Type T.M.P.S. 3—56		Suitable for models Y100—Y160—AY100 and AY160

Cat. No.	Description and Part Number		Function
S.107	COIN DENOMINATION COUNTER		Records the number of 3d., 6d., 1/- and 2/- pieces deposited in cash box. Counter dials viewed only when cash box is open. Perfect safeguard against unauthorised interference with cash box contents. Readings should also correspond with those of the playmeter, thus giving a check on 'free play'.
	REMOTE VOLUME AND RECORD REJECT CONTROL		Indispensable adjunct to the modern phonograph for remote control of volume coupled with remote rejection of records. Essential accessory which can be fitted behind bar or counter for easy remote control of volume to suit constantly changing location needs. Prevents unauthorised public access to volume of machine. Automatically balances volume of stereophonic speakers and maintains balance between bass and treble at all stages of volumes. Can be fitted any distance from machine up to 60 ft.
S.108	MRVC/3		Direct monaurally operated control suitable for use with monaural model Q160.
S.109	RSVC/1		Direct monaurally operated control suitable for use with stereo models 220 — 222 — Q100 — Q160 — HQ100SR and HQ160SR.
S.110	PRVC/2		Power driven remote control suitable for use with monaural or stereo models AY100 — AY160 — AY100U—HY100UR—HY160UR.

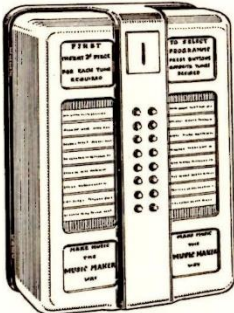

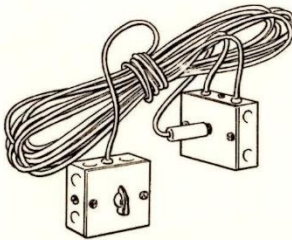

EXTENSION LOUD SPEAKER UNITS

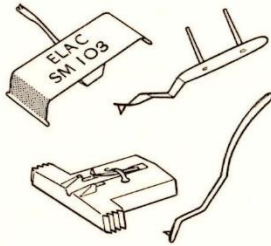

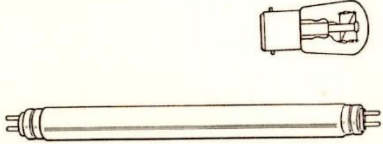

Cat. No.	Description and Part Number		Function
LS.100	WALL (OR CORNER) MOUNTING UNIT		An 8" wall mounting heavy-duty high-fidelity loud speaker unit in a stylish streamlined cabinet measuring $16\frac{3}{4}" \times 12\frac{1}{2}" \times 7\frac{1}{2}"$ and finished in black with walnut side panels. For use with Music Maker SEEBURG. Incorporates constant voltage transformer tapped to give four volume levels. Can be modified for use with all makes of Phonograph with from 5 to 15 ohms impedance.
LS.101	CORNER MOUNTING ADAPTOR BRACKET		When it is more convenient to mount the LS100 in a corner position this simple bracket is all that is required.
LS.102	WALL MOUNTING UNIT		An 8" flat wall mounting loud speaker unit fitted in a shapely wooden and fabric cabinet finished in beige and gold. Measures—top $16\frac{1}{2}" \times$ bottom $12" \times$ high $20\frac{1}{2}" \times$ deep $5\frac{3}{4}"$. For use with Music Maker T100—T200—P200—PT100 and all other makes of Phonographs with 5 ohms impedance.

Cat. No.	Description and Part Number		Function
LS.103	TWIN CEILING MOUNTED PENDANT UNIT		The LS100 loud-speaker mounted in pairs (or in fours if specially ordered) for ceiling suspension. Designed to provide uniform sound distribution in large rooms, lounges etc. Measures (in pairs) $16\frac{3}{4}" \times 12\frac{1}{2}" \times 16"$ other details as LS100.
LS.104	CEILING SUSPENDED OMNIDIRECTIONAL UNIT		A prestige loud speaker (approved by the Council of Industrial Design) for chain suspension where high ceilings make it desirable to suspend the speaker at a lower level. This loud-speaker is of metal construction, is $22\frac{1}{2}"$ diameter $\times$ $9\frac{1}{2}"$ high and is in a silver hammer finish. It is suitable for use with all Music Maker models (except Music Maker SEEBURG) and all other Phonographs with from 5 to 15 ohms impedance and can be used as an alternative to LS103.
LS.105	WALL CORNER OR FREE STANDING BRONZE BAFFLE LOUD SPEAKER		This is a universal speaker for wall or corner and is ideal for use with the smaller range of phonographs and can be mounted almost anywhere. The normal cabinet is of polished wood with an expanded metal grill. This cabinet can also be painted in other colours if needed. Suitable for use with 16/45—H16/45—MM30—T100—T200—PT200 or any make of Phonograph with a 15 ohms output. Size $15" \times 5" \times 10\frac{3}{4}"$.

GENERAL ACCESSORIES

Cat. No.	Description and Part Number		Function
D.100	SIXTEEN SELECTION WALL BOX		A 16 selection remote control wall box designed for sole use with the Music Maker H16/45 in small locations where space restrictions render the installation of a cabinet model phonograph impossible or undesirable. Attractively finished in play-appealing gold and chrome it measures only $17\frac{1}{2}'' \times 13\frac{1}{2}'' \times 6\frac{1}{2}''$. Up to six units can be brought into use with the machine. The cable length between the machine and wall box should not exceed 60 ft.
D.101	REMOTE VOLUME CONTROL		Should not be fitted more than 60 ft. from the machine. Essential accessory which can be fitted behind bar or counter for easy remote control of volume to suit constantly changing location needs. Prevents unauthorised public access to volume of machine. Suitable for 16/45—H16/45—MM30.
